

Manta Helmet

December 2019

The Safety and Training Board (STB) has reviewed and approved the use of the Manta MH3 or MH4 helmet. The Manta helmet meets the international marine standard PAS 028:2002.

The following are the required criteria for the helmet:

- Colour = Hi-Vis Yellow or Red
- Vent Covers – Glow in the Dark
- Reflective tape = '360' SOLAS reflective tape
- Marine visor = half or full

The Manta helmet is compatible with the David Clark head-set system. This product is listed on the RCMSAR approved equipment list and can be purchased through FitzWright Survival Inc. ( <http://www.dssgrp.com/fitzwright.asp> )
