

Operations Memorandum

Date: 19 September 2007
To: Unit Leaders
cc: Management Team
From: David Rees-Thomas, Manager of SAR/Operations (sar@ccga-p.ca)
Subject: **Raymarine C & E Series Software Updates**

This memorandum is directed to units which operate Raymarine C and E series electronics but do not subscribe to Raymarine's automatic update notification service.

Raymarine advises that the U.S. Federal Aviation Administration has decommissioned two WAAS satellites and activated two replacement satellites which are not recognized by current C and E series software. ***Please note that the GPS function in these instruments is not affected in any way and continues to operate as usual.***

Raymarine software updates may be found at

<http://raymarine.custhelp.com>

Look for item 8: New - C & E-Series Software Updates to Restore WAAS Differential Reception. Your instrument must be registered to enable you to receive the upgrade.

For further information, please contact the Manager of SAR/Operations at the email address below.
