Re: **New Product – Barton Clamshell Temporary Tube Repair Device**

The CCGA-P has learned of a new emergency tube sealing device manufactured by the UK company Barton Marine. This product is designed for effecting fast temporary repairs in punctured tubes where the size of the tear does not exceed 3.5". More information can be found at their website: <http://www.bartonmarine.com/index2.htm>

These devices can be purchased through the CCGA-P directly if your unit wishes to carry one on board for your units Dedicated Response Vessel (if it's an RHI) or your DRV's daughter vessel (if so equipped). Cost of these devices are \$30.86 plus taxes and freight to your unit. To order or for more information, please contact Ryan Woodward at 604-214-8206 at home, 604-961-8206 cell/pager or by email at ryan.woodward@ccga-p.ca
